

10 July 2020

**COVID 19 – 2<sup>nd</sup> POSITIVE CASE**

Dear Members

The Club has this morning been informed of a second member who has tested positive for COVID-19. The member's last visit to the Club was on Friday, 3 July 2020. The member experienced no symptoms at the time and passed the screening process with a normal temperature. On the 4<sup>th</sup> & 5<sup>th</sup> of July, the member started experiencing symptoms and decided to go for a test. The test results came back positive on 7 July. Persons and playing partners who had been in-contact with the member have been informed accordingly. The member is in self isolation and thankfully recovering.

In this regard the Club has already undergone a session of disinfection (6 July 2020). All members are reminded to please refrain from visiting the Club should you show any flu-like symptoms and should you become aware of any further positive COVID-19 case within the club community, to please notify myself [ceo@royaljk.co.za](mailto:ceo@royaljk.co.za) to ensure no unnecessary anxiety amongst others. This information will ofcourse be dealt with the utmost confidentiality.

The Board and management regard the safety and well-being of members, guests & staff of the utmost importance. We continue to run best practices regarding hygiene and social distancing to ensure a safe environment for everyone on our property and encourage all to co-operate and exercise responsible practices. The Club will continue to keep members informed as information becomes available.

Kind regards,

A handwritten signature in gold ink that reads 'C Bentley'.
