COVID 19 – MEMBER COMMUNICATION

Dear Members

Update: Health Minister, Zweli Mkhize, announced that the COVID -19 storm "is now arriving" with Gauteng set to become the new epicentre of the disease. He said, as of Tuesday, South Africa had 10 144 new cases, which brought the cumulative confirmed cases to 215 855. "We have now reached the surge. By now it's no longer a matter of announcing numbers of confirmed cases. We are now at a point where it's our fathers, mothers, brothers, sisters and close friends that are infected".

The Board and management of the Club reiterate that the safety and well being of our members, guests & staff is of the utmost importance and our top priority is to mitigate the risks of contracting the COVID-19 virus in line with the government and GolfRSA prescripts.

It is ironic that as infections rise, some regulations are eased, so we appeal to all golfers visiting the premises, to please be vigilant and responsible at all times. The updated guidelines from GolfRSA have reduced tee time intervals from 12 minutes to 10 minutes, which has greatly assisted in accommodating more reservations, particularly over weekends and we will continue to have a one tee start to best manage golfer contact. Management and staff are doing their utmost to manage the membership reservations on a fair basis and request members to please show understanding, compassion and support to the staff who are doing their best to assist, despite the strict regulations. Saturdays remain strictly for members only while Sundays have been opened up for members and guests, subject to availability.

On the instruction of the Chairman of the Club, we remind members that alcohol consumption is strictly prohibited on the premises as the regulations stipulate that no alcohol may be consumed, under the current lockdown rules. Kindly comply and avoid being found wanting in this regard. The implications are that it may jeopardise the Club's liquor licence and golf for all, if not strictly adhered to.

Finally, the sharing of golf carts (club & personal), remains unchanged and is not permitted. Only one person and one golf bag per cart is allowed. Please avoid the temptation to 'hitch a ride'.

We remind members of the 'member priority line' 076 392 2495. However, we encourage you to please use email as your preferred option of communication (bookings@royaljk.co.za) and our online platforms for reservations.

As of this moment, no further member or employee has tested positive for COVID-19. In this regard, members are requested to inform the CEO immediately (ceo@royaljk.co.za), should they become aware of any positive COVID-19 case within the Club community. This information will be dealt with in the strictest confidence.

We hope members have been enjoying the weekly virtual prizegivings with **our** golf team. This will continue for the foreseeable future and if you have any suggestions to further enhance this communication, please let us know.

In closing, please ensure you familiarise yourself with the members guidelines and the posters below as we continue to do everything we can to mitigate risk and adapt to the situation. We wish you good health and strength, as we all do our part to remain 'together apart' in the fight against COVID-19.

Thank you for your support.

Warm regards

Jayde Rademeyer
Club Operations Director
