

**04 August 2020**

## **COVID 19 – 7<sup>th</sup> POSITIVE CASE**

Dear Members

The Club has this afternoon been informed of the first staff member who has contracted the COVID-19 virus. The staff member (course maintenance), returned to the facility on Monday 3 August 2020 with flu-like symptoms and was immediately directed to the doctor. The staff member and all persons with whom he had been in contact over the past week, have been asked to go into self isolation for the prescribed period (NICD guidelines).

In this regard, the Club & maintenance yard has already undergone a session of disinfection (3 August 2020) and as an additional precaution we have ordered another disinfection for Wednesday 5 August 2020.

All members and staff are reminded to please refrain from entering the Club should you show any flu-like symptoms and should you become aware of any further positive COVID-19 cases within the club community, please notify myself me [ceo@royaljk.co.za](mailto:ceo@royaljk.co.za) This information will of course be dealt with in the strictest confidence.

The Board and management regard the safety and well being of members, guests & staff of the utmost importance. We continue to run best practices regarding hygiene, disinfection and social distancing to ensure a safe environment for everyone on our property. We encourage all to cooperate and exercise responsible practices at all times. The Club will continue to keep members informed as information becomes available.

Kind regards

A handwritten signature in gold ink that reads 'C Bentley'.
