ISSUE 8 - AUGUST 2022

## AUGUST 2022

*"Hidden Gem of Joburg - The Old Oak."*

The month of August has been all about preparation, maintenance and administration. We looking forward to summer and the course team are finishing up the numerous treatments and seasonal maintenance. We have finished a smooth annual audit and the notice of the 131st Annual General Meeting is out now!

# FROM THE CLOCK TOWER

*Chris Bentley, Chief Executive Officer*

The first signs of spring are starting to show, with the trees beginning to develop new buds and this would be evident if you had played recently.

The West course refurbishment is progressing well, is on schedule and has now entered its' second phase with the seeding of the greens. The West greens are being resurfaced with bent grass (latest USGA spec) and the bunkers reshaped with new drainage, liners and sand. The improvements are to suit modern play - all the renovated bunkers will be shallower and have slightly rolled down grass faces. The liners will help prevent contamination of the sand and overall, will lower our maintenance costs. The aim is to present a far more enjoyable and fun course and ensure an offering that appeals to everyone, from the beginner to the professional. The West course remains set to reopen at the end of November and we cannot wait to showcase both courses this coming summer!

At the time of writing this months column, we have successfully completed our annual financial audit with HLB, for the year ending 30 June 2022 and our auditors continue to show satisfaction with the Club's accounting practices, good governance and standard operating procedures.

As we come out of the debilitating effects of Covid, which punctured our ability to host functions and corporate events for the majority of the financial year, we were plunged into daily load shedding and unimaginable rainfall levels last summer (1320mm of rain vs 810mm the previous summer). This equated to a minimum loss in revenue of R3m, however, despite the macro environment, we have achieved a break-even result for the financial year. This includes the startup costs of our new facilities (Old Oak & Gym) and the investments made into generators and solar for our pump stations, which has eliminated our greatest risk of not being able to irrigate greens on the hot summer days.

The financial statements will be presented at the 131st Annual General Meeting (21 September 2022) and as always, the abridged results will be published in the Royal Review (9th edition). My sincere appreciation to our finance team, Charlotte de Jong & Siobhan Bersiks, for their diligent efforts and for delivering another seamless performance, this with the added pressure of large capital projects throughout the year.

The close of our year end, shows the pro-active measures taken to not only protect and scale the business but align the Club with the challenging landscape, across golf, functions and hospitality. We have continued to keep the revenue and expenditure gaps closed, whilst at the same time increasing the overall value proposition. Additionally, we are pleased to communicate, for the fifth consecutive year, that the Club has retained a 5-star occupational health & safety rating. Special thanks to our infrastructure manager, Hennie Bredenhann, for consistently delivering the highest of safety standards at our facility. We have accomplished an enormous amount the year and our combined efforts confirm how Royal remains dedicated to success and future generations.

The notice of the 131st Annual General Meeting has been distributed to the membership (Thursday, 1 September 2022) this will be followed by the Royal Review publication (annual report) on 9 September 2022. This year's publication will again be edited by the infamous, Dan Retief and its promises to be another great read. We encourage any member who wishes to advertise or contribute to the e-mag, to please email [marketing@royaljk.co.za](mailto:marketing@royaljk.co.za) by 5 September 2022.

# Happy Women's Month

WOMEN ARE SELDOM SILENT THEIR BEAUTY IS FOREVER SPEAKING FOR THEM

# THE GOLF DEPARTMENT

*Liam Brown, Director of Golf*

With a new season comes renewed hopes for better golf. As the fairways become greener and the greens become softer through the spring and summer, we ask all players to fix their pitch marks and fill their divots as it's paramount to the golf courses staying in their best condition.

In the final round of the US Open 2022 the world number 1-Scottie Scheffler, blasted his first tee shot down the fairway only to be met by a divot which had not been filled. He then managed to play the most unbelievable iron shot onto the green and subsequently made birdie to add to his tally. From time to time, we manage to find a fairway or two in our round of golf and on the rare occasion in the obscenest place (the middle of the fairway) our ball comes to rest in an unrepaired divot. Currently we have the luxury of marking our ball and placing it within a scorecard's length on a neat perch. But... I have bad news.... Handicaps South Africa has made a call to many Clubs around South Africa, to align with the world handicapping system. It has become the norm to have preferred lies at many Clubs around the country however it is not endorsed by the World Handicap System and should only be used by committees when there are adverse conditions that require the rule to be temporarily instilled. The most important rule of golf from the beginning is that the ball should be played as it lies. We will be removing placing in the coming weeks once the fairways have recovered from the scarifying process and will only be instilling placing when conditions require. This is to ensure we stay within the true rules of the Royal and Ancient and to heed the call of Handicaps South Africa. The enjoyment of the game of golf at its' core is that it is not perfect and bad breaks are common.

Our league teams are in the following positions:

- Scratch League 1st Team - 3rd
- Scratch League 2nd Team - 4th
- Mid Am A - 1st
- Mid Am B - 3rd
- Junior - 1st

Our betterball league season has come to an end which has left the teams in the following positions:

- Betterball league East- 10th
- Betterball league West - 5th

“

MEMBERS ONLY - BOOKINGS: FROM 23 SEP

# FROM EAST TO WEST

*Jerry Sten, Course Manager*

From the start of August the maintenance team has been extremely busy with numerous projects on course. Scarifying of all tees and fairways was completed by mid-August, which was much earlier than we had anticipated. This allowed us to immediately move across to the East course, rather than at the start of September. The approaches and surrounds on West will be done as soon as the new sods have knitted properly to assist with grow in, to tie in better with the surrounds, hence the reason this has not been done yet. All tees, approaches and surrounds on East have been scarified and the fairways are also going as planned. The front nine on East has been scarified and the team is now moving across to the back nine where scarifying will be completed by end of August. We know that this is an irritation for golfers, but it is such an important treatment that has to be done to allow us to have such beautiful fairways in summer. The thatch must be knocked out to allow new growth to come through quicker and to have those beautiful tightly knitted fairways that look like carpets. We are now just waiting for our rains to come and then we will be fertilising both courses.

The sediment island on 13 East has been cleared out. We have removed about two feet of silt over the area and the bull rushes have been removed, restoring the aesthetic value. This will be an ongoing maintenance practice for the next couple of years until the property development up towards the storage dam has renovated the waterway and no more sediment can be washed in to the pond.

We have also completed the annual bunker sand top-up on the East course. We first checked the sand levels across the bunkers, moved the sand around where needed and if there was any excess sand in an area and only then did we add in sand. Some bunkers required extra sand and some not.

What is concerning, as the course manager is, even with the bunkers being attended to and the team raking the bunkers to perfection each morning, golfers still tend to leave bunkers 'un-raked' and exit the bunkers on the high sides. Through covid, golf etiquette has been neglected by many, in terms of leaving the course in a better way than how you find it.

I kindly ask that you talk to your playing partners to rake the bunkers after they or you have been in them, exit the bunker on the lower side as this will ensure the faces stay firm and allow the ball to run to the base and minimise plugged lies in the faces.

In September we will be planning to top-up the bark beds on East and clearing them from weeds. The West course renovation is moving along very swiftly. Construction work on the front nine is now fully completed, with only a few areas of grassing left to be done. The new fairway bunker on the second hole is also done, and the newly located fairway bunker on the third is also complete. Fumigation of the greens was completed and followed by final floating and seed. This will allow for the seed to germinate and by the 2 September we should see growth. Giving a full three months for grow in to commence and be ready for play on opening. The biggest part of the project is now done. The back nine construction is not as big as the front nine and this process should be finished by the end of September. The team will also be focusing on grow in as from now, the bunker sand installation will commence at the end of October, allowing the sand time to settle in before re opening. I urge all golfers to stay away from the greens during seeding, we cannot afford any damage to them as the timeline is tight and we need a full germination on our schedule to be able to deliver superb greens come November. The end is coming near with only three months left until the course will re-open again - it will be worth the wait.

The driving range tee levelling, new greens and bunkers are also underway and the enhancement will be a fantastic practice facility.

Thank you for all your support and we now look ahead to summer golf!

# Appeal to Members

## Please rake your Bunkers!

There is nothing more frustrating than hitting your ball into a bunker and finding, on arrival, that your ball is sitting at the bottom of someone else's divot or footprint. Over the past couple of months, we have noticed an alarming number of bunkers left 'unraked', particularly on member days.

Bunkers are frustrating places to visit, but by following the correct rules and etiquette, all golfers can help themselves and fellow golfers escape this unnecessary situation. You will also boost your own standing amongst fellow members and playing partners, as a considerate and responsible player.

The Club has invested considerable funds into our bunkers and the course staff take great care in preparing the bunkers every morning, ahead of play, but it requires all golfers to rake any bunker they have been in and to ensure the bunkers remain playable and presentable for all, throughout the day. Please rake your bunkers and encourage your fellow golfers to do the same.

*"In golf, customs of etiquette and decorum are just as important as rules governing play. It is the enthusiasm, passion, respect and support of our Club members, which enables us to offer these wonderful facilities. To offer a great experience it takes the cooperation of all patrons using the course to uphold the guidelines, culture and standards. Golf is a game of great integrity; there are no referees on the course and it's every golfers responsibility to respect each other, the game and the facility we play. We thank you in advance for helping us and for leaving the course in a better condition than you found it". Christopher Bentley, CEO*

# BEE NEWS

*Clinton Duncan, Beekeeper*

## Bee keeping tactics 101

An inspection was done on the 31st July which is part of the annual inspection getting the hives ready for spring. We have seen a late flower from the eucalyptus trees and an early flower from certain trees, warmer mornings and later afternoons will have the bees active longer in the days and earlier in the mornings than expected. The general health of both colonies are doing well with no diseases or pests noticed, I have taken off the super on the younger colony just to allow them to fill the brood box completely. The biggest colony is still working on their super and hopefully by the end of December we might see some honey, holding thumbs We urge golfers to avoid playing their golf ball from this area and suggest taking a penalty drop with a smile.

## Apairy set up.

Two sites have been set up at this moment with another three still planned. Site number two is on the 2nd hole of east hidden in the trees with one of the four boxes already housing bees caught on this site. This is a good sign for the apairy site with bees already taking occupation in one of the boxes.

No other noticeable wild colonies have been found on the East course besides for the colony along the rough line in the last tall tree before the green on the 3rd hole, these bees are well established in the living tree and haven't caused any problems to date. The West course inspection has been completed where no wild colonies were found but will have two catch apairy sites set up for the catching of swarms with any new wild colonies identified and tagged during the summer months. Wild colonies will be identified with a Blue tag and shouldn't be approached at any time.

When you hear the bees on the trees, don't panic, stand still and listen to their beautiful melody, a song like no other as spring approaches so the bees get excited. Spring is fast approaching so the bees will be alot more active with beautiful flowers waiting for them and the trees being one of their favorites.

# LADIES GOLF

*Wendy Huddy, Ladies Golf Manager*

The start of Women's month could not have been better scripted! On Sunday 7 August, we all watched our golden girl, Ashleigh Buhai, win her first Major title at Muirfield when she triumphed over Korea's In Gee Chun after a 4 hole sudden death play-off! Grit and determination are two words that come to mind when thinking of Ash in that play-off and although it was quite stressful at times to watch, the end result was worth all the anxiety! Ashleigh Buhai, the 2022 AIG Women's Open Champion has a wonderful ring to it and we couldn't be more proud of our Royal ambassador!

Shannon Berry has been selected to represent CGGU in the IPT to be held at Silver Lakes Golf Club in early October. Congratulations to Shannon - this is just reward for all the hard work that she puts into her game. Good luck to Shan and her fellow CGGU team mates and let's hope Central Gauteng bring home the trophy!

All three of our league teams have one game left in the season and all the remaining games are equally as important. Our weekday 1 team tops the A Division and will only need 0.5 points from the last game to win that division: our weekday 2 team need a strong finish in their last game in division D to avoid relegation and our Sunday team lie in second position in the Sunday D division and although they cannot catch the leaders, a strong finish will stand them in good stead for the league seedings for the 2023 league season. The weekday 1 and 2 teams will play their last matches on Thursday 1 September and Sunday league team will play their last match on 18 September - all matches are away games. Good luck to you all.

We held a well-supported Ladies Open day on Tuesday 16 August on the East Course and although conditions were icy, some great golf was played particularly by our winners, Trish Anderson, Louise Ho, Russ Smith and Anne Bergh. We were treated to a delicious lunch prepared by Chef John and his team and of course, our sponsored champagne was enjoyed by all. Many thanks to Jenene and the golf department for always ensuring that our Open days are such enjoyable days.

Our BG's continue to play great golf and are often in the Club competition prize winners circle on both East and West courses. Sincere congrats to Anne Daffey who aced the 16th Hole, West on 6 August for her second career hole-in-one. Another notable golfing achievement this month was Lyn Mordt's tally of 47 individual points on Tuesday 2 August in an Individual Stableford competition! Well played to Lyn - the next best score was 36 points!

A very successful inaugural past lady captains lunch was held on Wednesday 17 August in the Old Oak restaurant. 16 past lady captains, who all live in Gauteng, totalling 26 years of service at Kensington Golf Club, Royal Johannesburg Golf Club and Royal Johannesburg and Kensington Golf Club were treated to the most delicious meal and enjoyed an afternoon of camaraderie and friendship. This will become an annual event and it is hoped that next year, those ladies who were unable to join in, will be in the position to attend. Thank you to our C.E.O., Chris Bentley, for his full support of the start of this tradition.

Best wishes to you all and I look forward to seeing many of you at the Club.

# A Royal Occasion!

At Royal, we create our own standards!

Every detail is considered - from the quality of the cuisine to the finer points of our warm hospitality and our luxuriously elegant facilities, you can expect only the best. Our extraordinary attention to detail, seamless planning and implementation makes Royal a sought-after venue for hosting your special occasion.

Our highly experienced team is on hand to advise and assist you with every aspect of your event. From the initial planning and selecting the most suitable venue, to arranging the flowers, photography and menus, through to assisting you on the actual day to ensure that your special occasion is a resounding success.

# THE CHEF'S TABLE

*Ransley Petersen, Executive Chef*

Celebrating our wonderful women!

*'Let's Face It: if you and I have the same capabilities, the same energy, the same staff, if the only thing that's different between you and me is the products we can get, and I can get a better product than you, I'm going to be a better chef.' - Thomas Keller*

The words of Thomas Keller are so profound and resonates with me with the past year being put into perspective. The design of any business model rests solely on the people that you have put in place in key positions in order to carry out and execute the vision or mission statement of the establishment. Though many have worked tirelessly in creating the perfect picture for every patron that has walked through our doors, special mention to two superstars that have been the pillars in bringing The Old Oak to life.

Leigh-Ann Knipe, Jnr Sous Chef at The Old Oak, is an immensely influential character in dictating the offering at The Old Oak. Her unwavering dedication in search for perfection has never dwindled, no matter the tasks or challenges presented. As second in command, her commitment to the team has been remarkable to witness, between juggling menus, disciplining the brigade and monitoring stock levels, Leigh-Ann always finds the time to train and inspire those around her, embodying the true spirit of The Old Oak in building the legacy you want to leave behind.

Sasta Kuppan, Junior Manager at The Old Oak, is an inspiration to everyone around her. The special attention to detail and proactive thinking sets the tone for seamless services commended by our guests. Sasta's demeanour and nature allows for high levels of guest satisfaction and truly sets The Old Oak apart from restaurants in our area and golf clubs alike. She is true example of oxytocin, making everyone around feel better from her everlasting smile and positive outlook on life.

Thank you to our ladies that hold the fort and to the rest of our team for their dedication in achieving more.

# RUHAN'S WINE COLUMN

*Ruhan Duvenage, Assistant Food & Beverage Manager*

Hi! As we explored hidden gems in The Old Oak's Wine Cellar in last month's article, I would like to shift focus on not only the wonderful wines on offer, but also the very extensive spirits in our bar. With our exceptional offering from various international producers you can experience some of the finest spirits the world has to offer. I would like to introduce Calvados, France's historic apple brandy from Normandy. Although this may invoke visuals of D-Day or the island abbey of Mont Saint-Michel, the region should also conjure up a few delicious images as the region of Normandy produce some of the finest creamy cheeses, dry cider and most prominently, Calvados. An apple brandy produced exclusively in the region, the spirit keeps being underestimated and overlooked by patrons all over.

So let's start by asking, what is Calvados?

Calvados is an apple brandy with Appellation d'Origine Contrôlée (AOC) status. It can only be produced in Normandy and much like Cognac, is a specific brandy that can only be distilled from white wine made within a particular region from certain grapes. However, Calvados isn't distilled from wine grapes. It begins as cider and while a small percentage of perry pears is permitted, the base cider is made primarily from apples. These must be grown in Normandy, where more than 200 varieties are cultivated. Producers can use four types of apples: sweet, bittersweet, bitter and bitter sharp. The fruit is pressed and fermented, then distilled into an eau-de-vie (colourless fruit brandy) and aged at least two years in oak.

The first written records of apple eau-de-vie and apple brandy date to the 1500s, but it wasn't until the 19th century, when phylloxera destroyed countless European vineyards and decimated France's Cognac supply, that Calvados enjoyed much popularity beyond its' birthplace. Some producers believe in the fruit in the bottle whereby an apple is grown inside of a glass bottle to encapsulate Normandy's great produce and constantly have the fruit in contact with the Brandy.

Calvados is great for after dinner drinks as it's not overly complex. It is also great in cocktails - replace Cognac with Calvados when you are preparing a French Connection Cocktail, or serve it in a heated glass to elevate all of those apple and caramel flavours.

Be sure to look out for our Christian Drouin Calvados Pays d' Auge and Christian Drouin Calvados Pays d' Auge Pomme Prisonnière imported from Coudray-Rabut, Normady, France.

Hope you enjoy this beautiful Calvados as much as I do. Cheers!

INTERNATIONALLY AWARDED

## EMPLOYEES OF THE MONTH

*Congratulations*

*Front of house - Mosa Mokoena*

*Back of house - Ayanda Ngwenya*

# THE RANGE

*By Right Side Golf Academy*

## Re-levelling of tee boxes

As I am sure most of the members are aware , the re-levelling of the middle and front tee box at the driving range is under way, which will mean that those tees will be out of order until the end of September.

I think we can all agree that once it is done, it will look fantastic and result in more grass hitting bays for everyone.

## Jacks Paint Barrel Challenge

Although members are getting closer and closer to winning the Barrel Challenge, no one yet has claimed the cash prize, which means that the next Barrel Challenge will be up to R 7500 !!!!!

If you think you have what it takes, then come down and test those wedge skills 😊

Next Barrel Challenge will be Friday the 2nd of September and we look forward to seeing you there.

## Right Side Golf Simulator Room

Some great fun and entertainment has already been had with members using the golf simulator room, and we remind all members that we are open for business.

From testing your short game to improving your long game numbers or playing a full 18 holes with friends, the golf simulator has something for everyone.

All Prices include 1 drink per person

- R 350 for 1 player ( 1 hour )
- R600 for 2 players ( 1hr 30 Min )

# YOUR MONTHLY FIX

*By Martin Briede, Master Teaching Professional*

*Titleist®*

# SHOTS OF THE MONTH

*By resident photographer, Trevor Barnett*

EUROPEAN BEE EATER | GIANT KINGFISHER | GIANT EAGLE OWL.

**Greg's Day**

The Golf Shop's monthly golf day will be held on the 14th of Feb and Srixon will once again be the proud sponsor of a sleeve of golf balls for each player who enters the competition. Bring all your friends and come and enjoy the day with us. We'll even buy your half way lunch!

**New arrivals**

Summer is around the corner and temperatures are starting to pick up. Our top brands such as Under Armour, FJ and Lyle and Scott have brought in their latest products, come and have a look in store.

The new range of Jimmy Ro light sweaters has arrived which is perfect to wear on and off the golf course.

Titleist will be doing fittings for the new TSR driver from mid September, so come and book your fittings in store now!

Get fit!

## INTRODUCING YUSUF VALLY

SPECIALISING IN WEIGHT LOSS, MUSCULAR  
HYPERTROPHY, SPORTS SPECIFIC  
MOVEMENTS, HIGH PERFORMANCE TRAINING  
AND SPECIAL AGED POPULATIONS GROUPS

My training methods come from the nerdy science behind the reason for each exercise and therefore in my sessions I am always explaining the benefit of the exercise from an anatomical point of view, I'm a true nerd in the field. Reason being is I treat my clients as athletes no and want to maximise their performance and results without injury and the best way to do that is to help them understand and learn so that they can create a sustainable lifestyle for themselves. So no, I am not the boot camp trainer that's going to be screaming at you "train insane or remain the same"

## GO THE DISTANCE WITH ADVANCED SPORTS SPECIFIC CHIROPRACTIC THERAPY

Highly Experienced

Worked with many athletes

Trusted sports and family chiropractic

Assists with injury prevention and treatments

Unlock distance, power and suppleness

# AIMPOINT GOLF

*Sandra Van den Bergh*

Louis de Jager came 3rd in the recent Czech Masters on the DP Tour. He took an AimPoint lesson with me 2 years ago and will do his updated personal calibration with me upon his return. His comment to me after I congratulated him on his great golf, was that AimPoint still helps him a lot during tournaments.

Don't guess how much a putt is going to break when you can be sure..... attend a course with a certified AimPoint instructor right here at Royal JKGC and learn the world's number 1 green reading system and putting information. I teach the golfer to feel various slopes ranging from tiny slopes to much larger slopes to ensure correct amount of break is taken into consideration for any length of putt.
