OLD OAK WINS RASA ROSETTA AWARD

On behalf of the Board, management and staff, we welcome you to 2024 at Royal.

We hope that you and your loved ones enjoyed some quality time together over the holiday season and wish you a healthy and prosperous year ahead.

Our focus for the year is to keep becoming more sustainable, more efficient and innovative and to ensure the value proposition and facility offering continues to deliver beyond expectations. As we start the calendar, we will continue to face the immense challenges that face our country, the economy and in turn, our business. However, with the implementation of our solar program we have eliminated the load shedding burden that has hindered progress over the past couple years.

The Old Oak Restaurant and Family Centre continues to grow in demand and the facility experienced another great December, which was complimented by a RASA Rosetta award at the recent Restaurant Association gala which was held on 24 January. Congratulations to our food & beverage teams, the chefs and front-line staff for continually pushing memorable experiences, refined dining, better procurement and creating wonderful occasions. Please keep a look out for some of the fantastic evenings and author events coming out soon.

'Mother Nature' continues to speak louder than ever before and it's been a turbulent summer with high rainfall in January. Our sincere appreciation to our course manager and his team, for delivering wonderful conditions despite the challenges. We now look forward to the preparations for the 2024 Men's SA Amateur Championship (East).

This will be followed by the much anticipated Club Championships which will be held on 16 & 17 March (entries are limited and open now) and promises to be bigger and better than ever before.

As communicated at year end, the Club is now establishing the next long term strategic plan, which will address some of the bigger challenges ahead, Primary of these is funding for areas such as the restoration of waterways and old dams, rebuilding/redesigning of old tee boxes and the implementation of more cart paths etc. There will also be further exciting enhancements to consider for the longer term, like night golf and much more. In the interim the Club continues and is progressing well with many smaller projects and enhancements, like the new car wash with Martha, an extension of landscapes and the rollout of new branding (signage).

As the Club's moniker 'The Royal Experience', underlines the great support of the members, which is amplified by the management and Board's drive to continually protect and enhance our Club. We have so much to look forward to in 2024.

Powering the Club

By engineeringnews.co.za

[Read the full article](#)

In what is believed to be the biggest such project implemented, so far, at a major South African golf club, a solar power and battery microgrid has been commissioned at Royal Johannesburg. The project was the fruit of collaboration between the club, Solarise Africa, Hooray Power and Caracal Engineering. "Selecting Solarise Africa as our energy partner was a strategic decision driven by their expert approach, proven success, and innovative power purchase [PPA] model that relieved us of the capital burden associated with outright purchase and future technology requirements," explained golf club CEO Christopher Bentley. "With our solar system now operational, generating around 400 MWh of energy per year, we anticipate substantial savings on our monthly energy bills, coupled with the assurance of a constant energy supply. This venture not only secures our financial interests but also aligns seamlessly with our commitment to environmental sustainability."

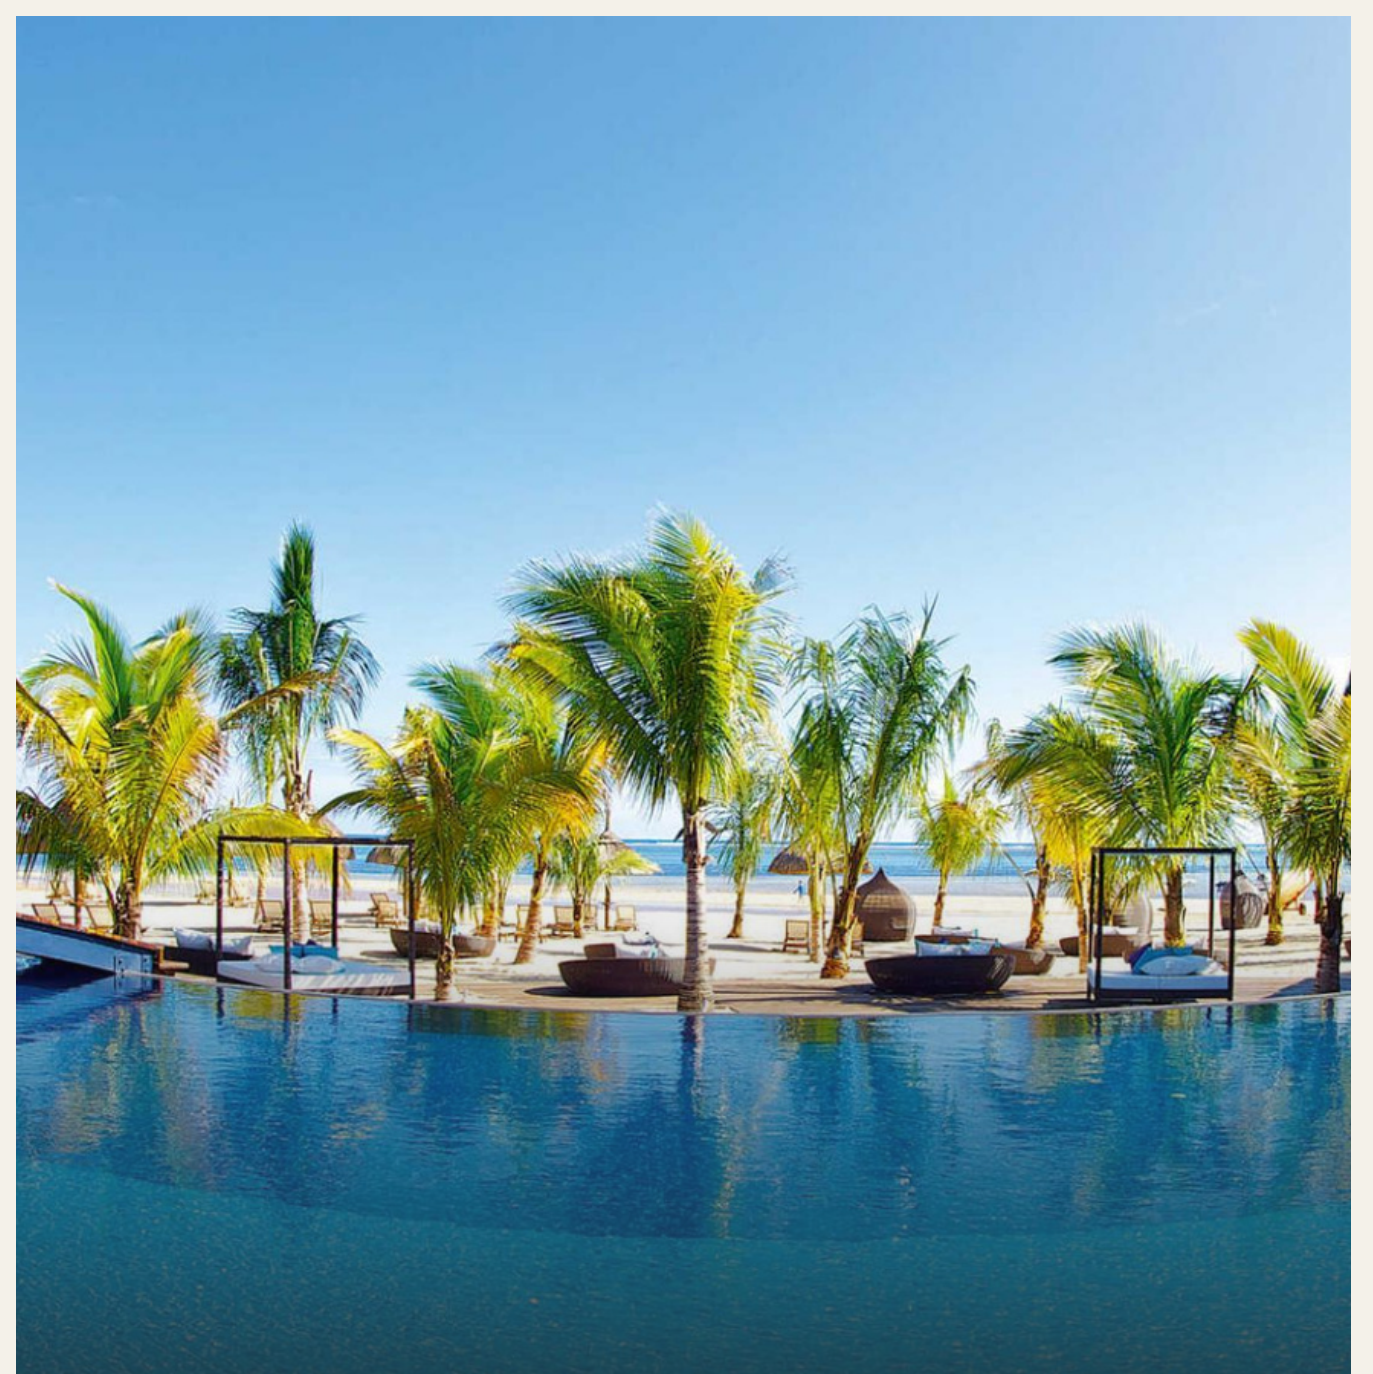

Club trip to paradise

Accommodation, transfers, bucket list courses
and unforgettable memories! Hosted by your Director of Golf

Happy Golfing

By, Liam Brown | PGA Director of Golf

A FANTASTIC LINE UP FOR 2024

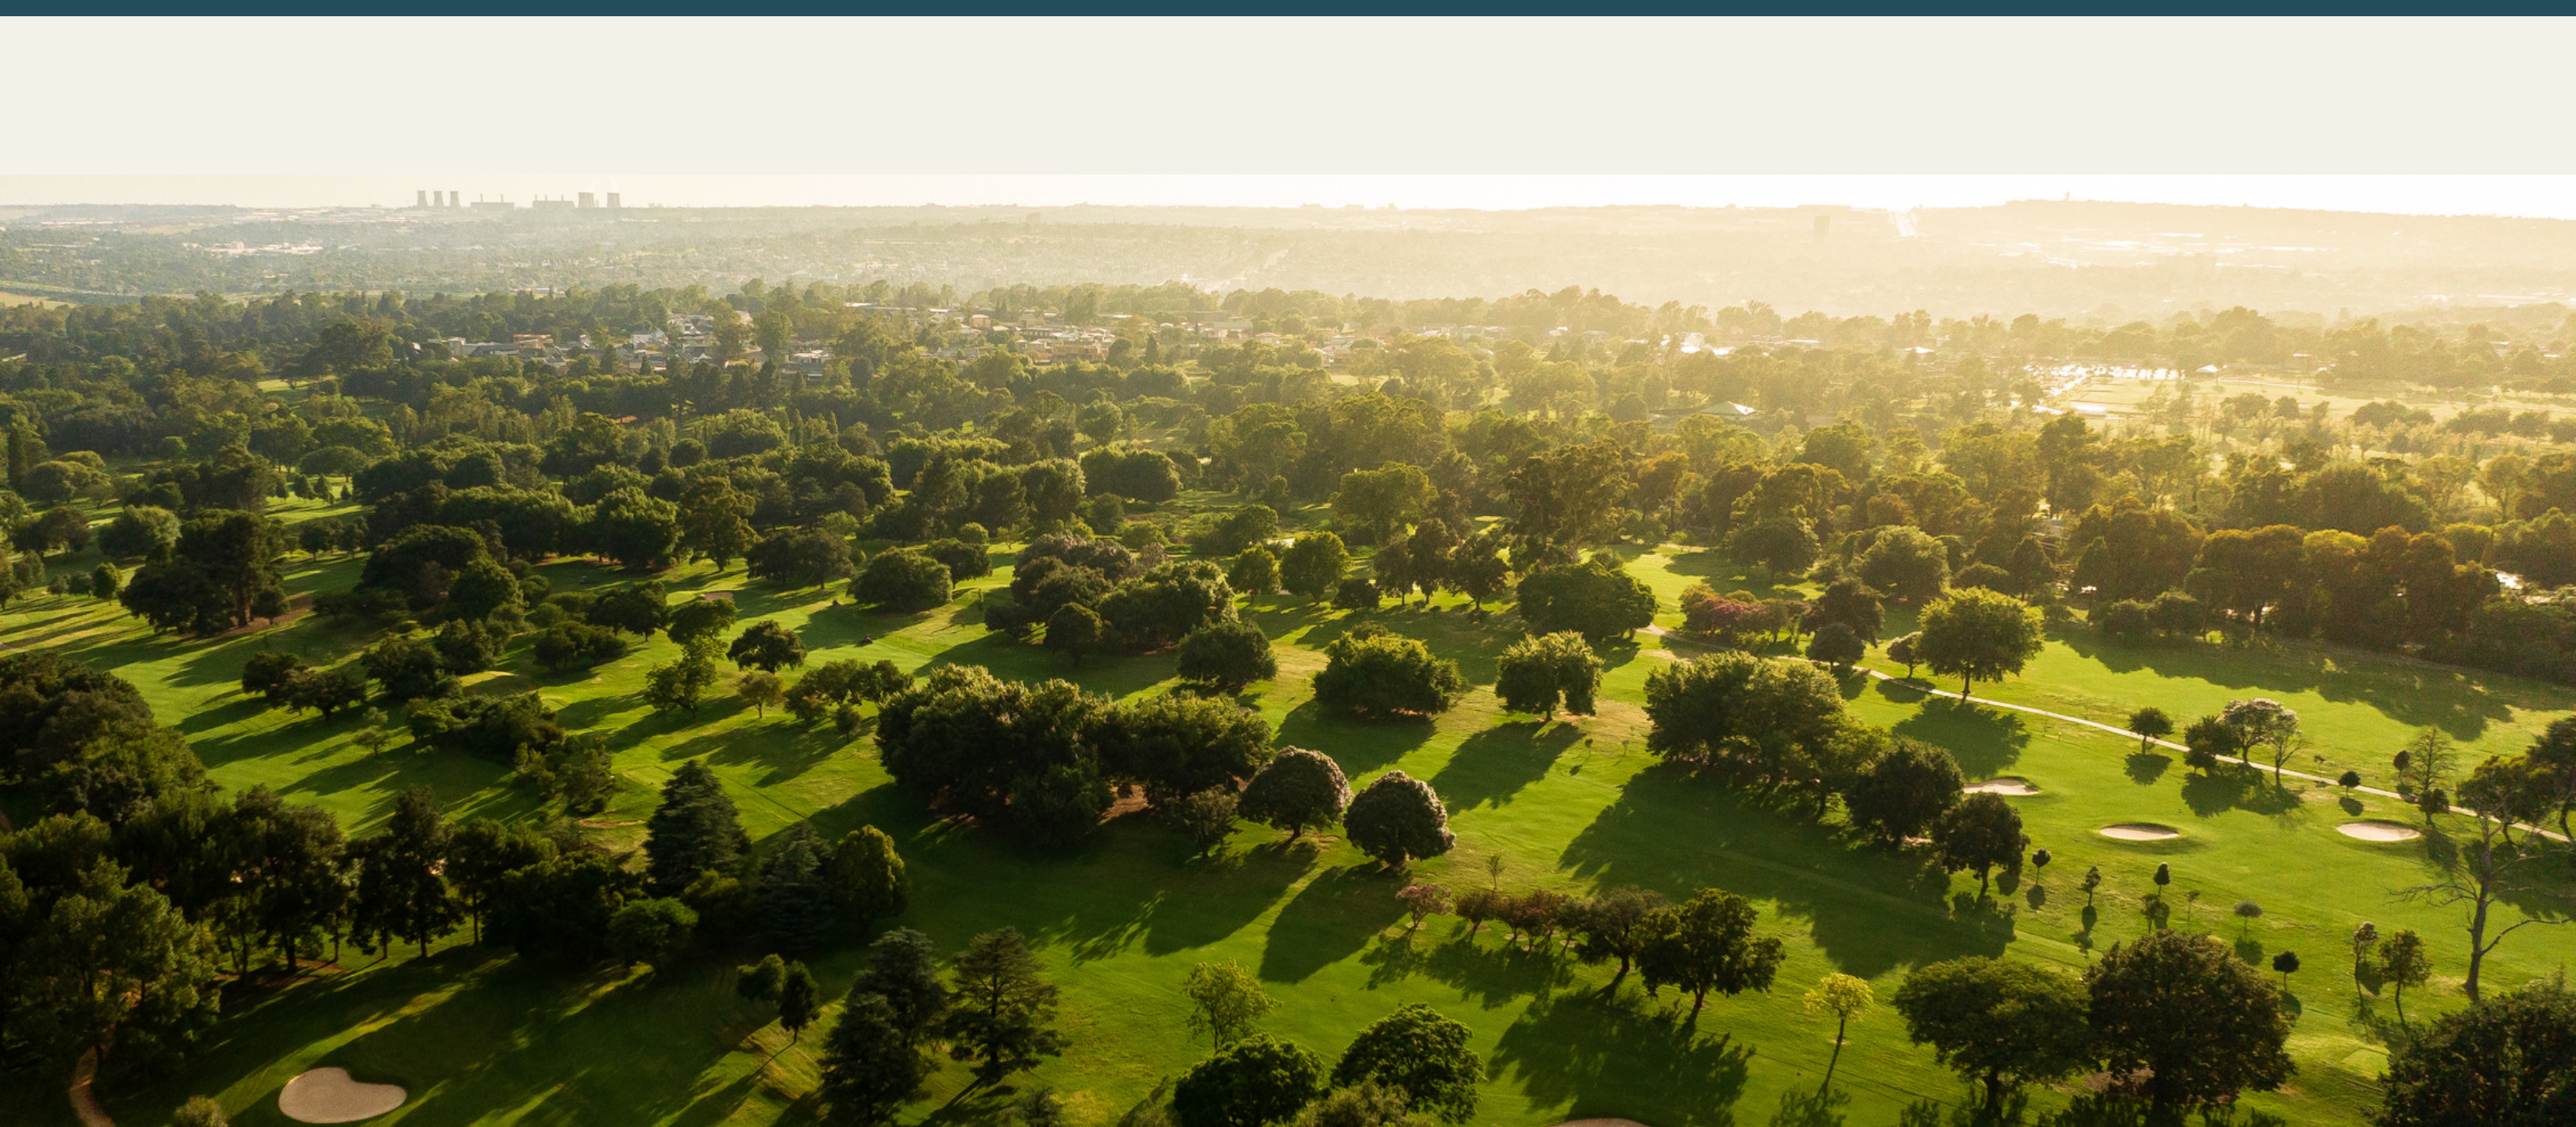

It is hard to believe that January is over and 2024 has started off with a bang. We look forward to some fantastic golf events throughout the year. The first member event on the cards is the Standard Bank International Pairs which has replaced the Windhoek pairs and will be played on the 10th of February. The format however remains the same with a regional qualifier and then national qualifier. If you manage to make it all the way to the international finals, it will be hosted in Tenerife Spain. I better dust off the cobwebs and throw my hat in the ring!

There will be a 9-hole individual stableford competition running every Friday and Sunday afternoon which is being backed by GolfRSA, restricted to over 18's and members. The best two players over the 2 months will have their names sent forward to take part in the GolfRSA Race to the R&A 9 Hole Challenge! The winners of the regional qualifier lucky draw may end up packing their bags and heading off to Troon to play the 9-hole challenge the Friday prior to the Open.

The betterball league season got off to a tough start as our East and West sides came against some strong opposition in the season opener and went down in the first fixture. The Mid-Am league is set to kick off their season on the 3rd of February, Royal Jhb A away vs Parkview A and Royal Jhb B at home vs Kyalami B.

We remind members of the Club's cancellation policy and are asking all schools and members to have their name updates in before Wednesday the week of, to allow the staff to give times to other members waiting for tee times. With schools and members not updating their bookings in a timely manner the Club then loses times on a Saturday and Sunday morning. Your cooperation in this regard is essential and much appreciated.

Representing South Africa!

When thrown a cricket ball or holding your first cricket bat, the dream of representing your county instantly becomes a lifetime goal. A lifetime it has been! As you may be aware, my dream has been realized as I was recently selected for the South African Proteas Over 40's Team to represent South Africa at The Nedbank Africa Cup in Late November. The team had a great tournament, lifting the trophy in the final, and on a personal note I was named the Man of The Match. Now, once you reach your dream of playing for your country, the bar rises, new goals and dreams transpire! Playing for South Africa in a World Cup! This dream comes true in February! Between the 19th of February and the 1st of March in Cape Town, we battle it out against eleven other countries to be crowned world champions. All the games can be live-streamed, through YouTube and Pitchvision.

bbuckley@ridgeschool.co.za

This is an amateur event and all costs and expenses (flights, accommodation, tournament costs, blazer, and dinners) are for the individual player's account. We fly to Cape Town on the 16th of February and return, hopefully with trophy in hand, on the 2nd of March.

If you can, or would like to support this dream, it would be greatly appreciated.

We've all stood either in front of the TV or at a stadium with family and friends and sung "Nkosi Sikelel' iAfrika", but to be on the field singing to your naon is an emotion I cannot describe. Thank you for your consideration and support,

Brandon Buckley (fellow member)

Ladies Golf

By, Wendy Huddy | Ladies Golf Manager

Welcome back to you all and I trust that you all had the most wonderful festive season and are ready for a great 2024 golfing year. A very warm welcome to our new lady members who have joined our Club over the past couple of months and we hope that your association with Royal will be a long and happy one.

The finals of the 2023 Weekday Betterball Knockout was played a couple of weeks ago and sincere congratulations to Liza van Wyk and Sue Rice who beat Sue van der Riet and Wendy Huddy on the 16th hole. The finals of the 2023 BG's Betterball Knockout are still to be played and good luck to the finalists.

We are back in the full swing of things with the number of ladies playing on a Tuesday averaging over 40, which is fabulous and long may that last. Our BG's are also back, playing their usual steady golf and often featuring in the Club competition on Saturdays. We have our first ladies open day on Tuesday 13 February and we hope to have a full field – details of the day can be found on the attachment.

The 2024 league season kicked off with a most enjoyable ladies breakfast held at the Old Oak. Royal Ambassador, Cassandra Alexander joined the ladies at the breakfast and spent time getting to know the Royal ladies and answering questions about her life as a professional which was most interesting. She clearly was quite inspirational as Ina Sanders and her weekday 1 team, beat Dainfern 1 on a tough Dainfern course on Thursday 25 January, which was a great start to the season. Lynn Gardner's weekday 2 team had a bye due to the late withdrawal of the Randpark team so they will start their campaign in February against Ruimsig and Gina Slade's team will be playing Eagle Canyon in their first fixture in February.

The 2024 Club Championships will be played on the weekend of the 16 and 17 March so please don't forget to enter your name as this is always a great weekend on the Club's calendar. Entry lists for this and all Club knockouts can be found on the Club notice board so please be sure to enter.

Thank you ladies and here's wishing you and your families a healthy and successful year both on and off the course – may it be your best year yet!

Menu

VALENTINES DAY AT THE OLD OAK

Course 1

Almenkerk Sauvignon Blanc
Scallop & PrawnMango. Calabrese Chilli. Seaweed and Caviar

Unlock exclusive benefits

Ping and TaylorMade have launched their new drivers, the Ping G430 10K Max and the TaylorMade Qi10. Ping have reached the 10k MOI making it the most forgiving driver on the planet. The Q in Qi10 stands for "quest". TaylorMade haven't quite got it yet! Great marketing though. In fact Rick Shiels tested both drivers and the Ping was straighter and nearly 20 yards longer than the TaylorMade. You find that video on YouTube – very interesting.

GREG'S LOYALTY REWARDS

Unlock Exclusive Benefits All Year Round!

For just an annual fee of R10,000.00, become a valued member of our Loyalty Rewards Program and enjoy the privilege of purchasing any golf-related products at cost price throughout the entire calendar year. It's not just a sale – it's a year-long opportunity you won't want to miss!

What's Included:

Access to cost price on all golf products - No exclusions – shop directly from top brands like Titleist, Callaway, Srixon, and lots more.

Terms and Conditions:

** Easy payment via EFT: R10,000.00 annual fee * Purchase all your favorite items at cost price directly from the brand agents * Payment methods: EFT or cash (no credit card payments) * Exclusive promotion valid for the Loyalty Rewards member only (strictly non-transferable) * Golf shop credit can be applied toward purchases * Your exclusive purchasing power is valid from 1st January 2024, to 31st December 2024.*

Join our Loyalty Rewards Program today and elevate your golfing experience.

Callaway have launched the full Ai Smoke range and it looks seriously impressive. The driver is seriously long as well. Seamus has swapped from the Cobra AeroJet to the Ai Smoke and he has definitely gained a few yards. Worth a try for sure. All 3 of these drivers have a suggested retail price of R13000.00. Chat to Greg about a better price.

The new Scotty Cameron Phantom putters are being launched in the next 2 weeks. They look like jewelry they so beautiful! WE are all receiving the new FJ range as well. Most styles will arrive this week with 3 more styles arriving in approximately 2 weeks.

Don't forget to sign up with the golf shop's rewards program and receive all merchandise at cost price. Enquire with Greg for full details.

Tip of the Month

By, Martin Briedé | Head Teaching Pro

I hope everyone enjoyed the festive and holiday season. I am looking forward to a great year here at the Academy and Range.

A new coach, Ricki Dembo, started with me on 15 January. I coached Ricki for many years when he was a teenager and he became a pretty good junior golfer. Ricki then joined the PGA of South Africa and did his apprenticeship at Houghton Golf Club. He graduated as a full member of the PGA in 2019. He has 8 years of coaching experience at Houghton. I'm glad to have him assisting me at the Academy and driving range and welcome him to my team at the range and I look forward to Ricki adding value to the membership.

I would also like to welcome Rory Crosley to the range. Rory is a long time junior member of Royal and has just finished matric at St John's College. Rory will be assisting me in the driving range shop for a few months before he starts University in the UK.

Come down to the range and practice or warm up before the game. Hours are Monday from 8am till 4:30pm to allow for some maintenance, Tuesday through to Friday 6:30am till 5pm (last bucket sold) and from 6am till 5pm (last bucket sold) on Saturday and Sunday. We have various bucket sizes and packages to suit your needs.

Royal Johannesburg is hosting the SA Amateur from the 4th to the 9th of February so the range will be fairly busy but members are welcome to come and practice and maybe observe some great swings in the process. Just a reminder we do have an indoor hitting station with a Flightscope Mevo Plus. Members can book a session, it is great for getting your yardages with your clubs.

Gavan, Ricki, Rory, Pieter, Albert, Joe and I look forward to seeing you down at the range this year.

From East to West

By, Jerry Steyn | Course Manager

T O U R N A M E N T S E A S O N H A S A R R I V E D

Can't believe our summer season is heading into its final chapter already as it feels like yesterday that we started our spring treatments on the golf courses. We were blessed with great weather over the December period, allowing for optimum golfing conditions, with 114mm recorded for the month. Our annual rainfall was 400mm less in 2023 than in 2022. The El Nino presence was felt during spring and as predicted, the summer season would have above normal rain conditions - January has seen a total of 310mm. Both courses have held up above expectations during these wet conditions and fortunately rain occurred on a quieter period which allowed the courses to dry out with minimal traffic or damages. We have lost two tree's during these storms - one Pine Tree on the right hand side of 3 West which fell over, and then one tree on the right hand side of 4 East that got split in half by a lightning strike.

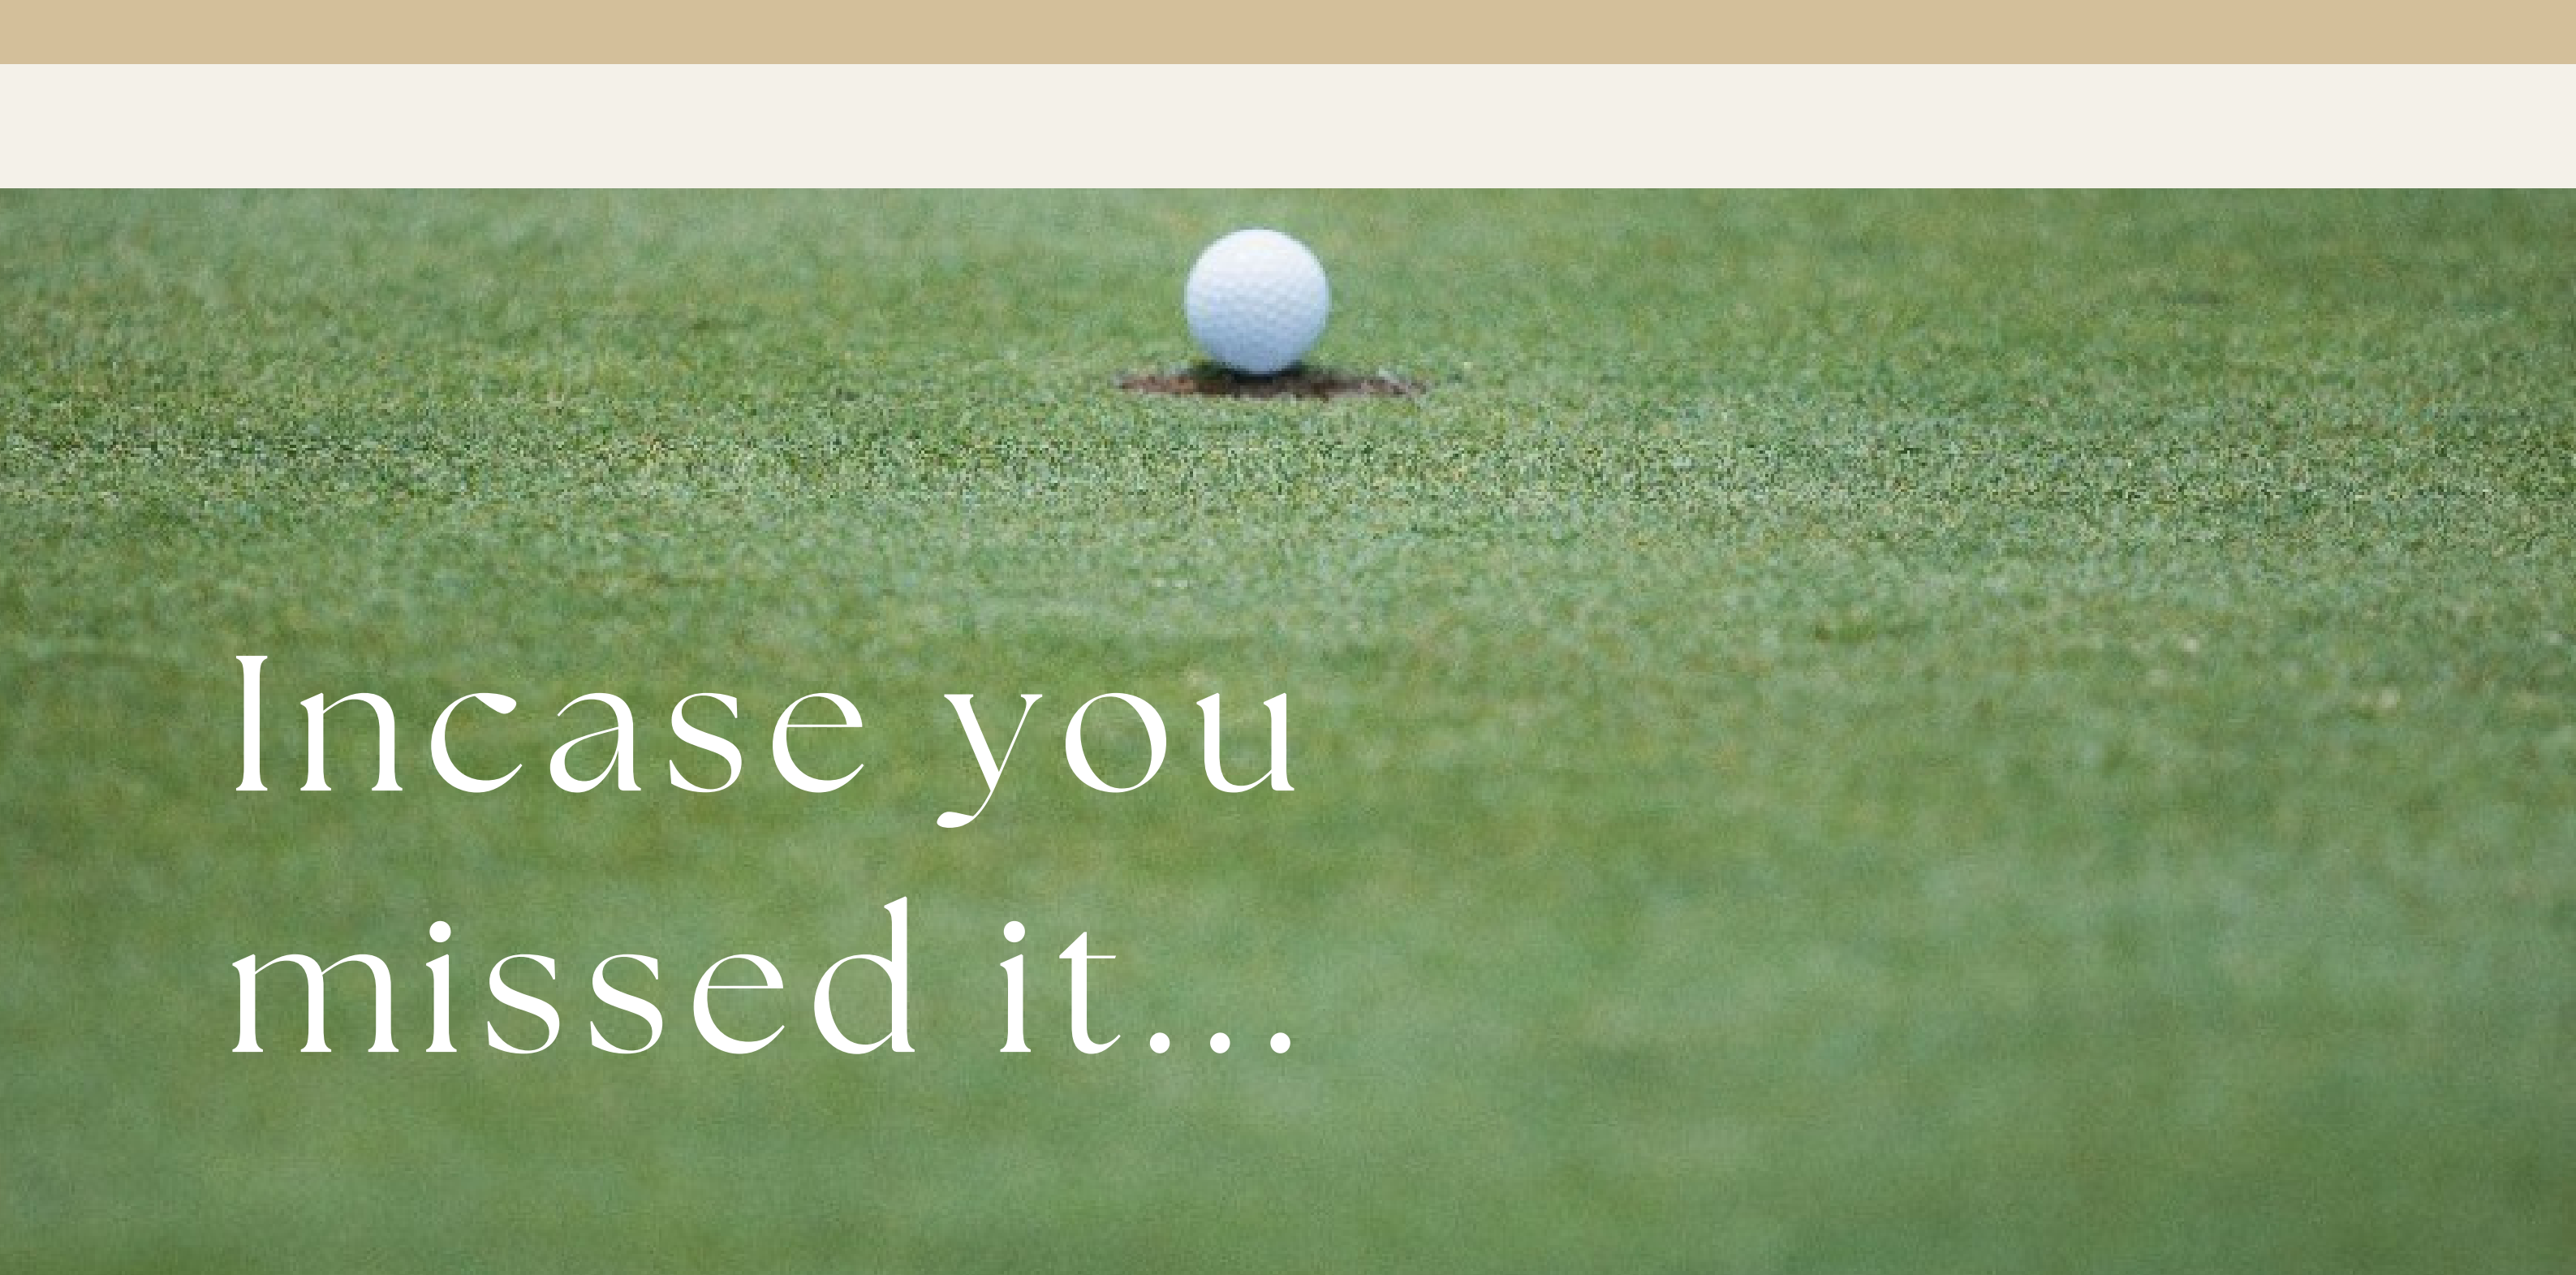

2024 is a packed year full of exciting new improvements on the courses and events coming to Royal - we cannot wait to get going on them.

Hollowtining of the East greens commenced on 8 January 2024, and recovery has been optimum, greens are back to full cover within three weeks, just in time for the SA Amateur starting 4 February 2024. Leading up to the event we will work hard on green speeds to ensure they have proper test of the East Championship course.

Our machinery fleet is also almost all delivered, with only the tee and fairway units still on their way and we expect them by end of March. These hybrid units have an outstanding performance in terms of quality of cut and being more fuel efficient than our current tee and fairway units. We eagerly await their arrival.

During February we don't have any major maintenance planned for the courses and the greens will only be lightly dusted following the SA Amateur to aid with recovery after the week. We will start with levelling of holes 2, 5, 16 East tee's during February to be ready for use come Club Champs.

Incase you missed it...

It is not just for the sake of the greens - there is nothing more infuriating for a golfer than to see a perfect putt knocked off line, especially through no fault of the player. It is essential that all players are diligent in their repair of pitch marks on greens. Please repair your pitch mark and any others you might find. We also remind all golfers that it is compulsory to either fill your divots with sand provided or by replacing the divot taken (if there is still soil attached). We need all golfers to get into the habit of repairing all pitchmarks and divots, even those which are not yours or your playing partners. It will help us get the best out of our playing surfaces for you!

The Chefs Table

By, Ransley Pietersen | Executive Chef

A Toast To New Beginnings & resolutions that we develop into new habits of success

As the champagne showers of New Year's celebrations settle, a fresh canvas of opportunity stretches before us. Here's to a year of flavourful inspiration, industry insights and community cheers.

Kicking the year off with a bang! January 24th 2024- The Old Oak received its' first plate from the RASA Rosetta Awards for service excellence in food and wine. This award has affirmed the mission and dreams we've had for The Old Oak since inception. Nothing would be possible without the support from our incredible CEO, senior management, Board members, dedicated staff, partners in the industry and most importantly our patrons. It is, without a doubt, these moments that solidify our steadfast search of perfection in showcasing legendary hospitality by our foundation and fundamentals of delivering The Royal Experience. A promising start to a very optimistic approach to the year ahead in everything that we set our minds to achieve.

Remember to book your seats for Valentine's day. An incredible pairing awaits you and your significant other brought to you by The Old Oak in partnership with Almenkerk Wines. A wine estate situated in Elgin Valley, boasting a myriad of varietals showcasing world class wine making and a true reflection of what the terroir offers in every single sip. This is sure to set the tone for a romantic evening out.

In the wise words of Gordon Ramsay - 'If you want to become a great chef, you have to work with great chefs. And that's exactly what I did.'

The journey has been one of many victories but most importantly are the moments of failures. Failures shape character and teach discipline to always get up and try again. Our dedication and commitment to create memorable moments has been a purpose and mission for the entire team and we are delighted to have received such a prestigious award. The flame of passion has always been a beacon of hope that we revert back to during trying times. If anything, this incredible achievement has given the entire team fuel to allow that flame to burn even brighter and achieve even more.

Your health & wellness fix

fitness@royaljhb.co.za

New Year's Resolutions: This or That? In my time as part of the Royal family, spanning the last two and a half months, numerous conversations about fitness and golf have surfaced. An intriguing observation has emerged — training for golf improvement and training for overall health are two disconnected methods. It appears that "golf fitness" is often seen as exclusive to golfers, while conventional training methods like cardio and weightlifting are reserved for the general population.

Let's dispel a few myths: Golfers are human beings first: Before they are golfers, they are human beings. A healthy human invariably makes for a healthy golfer. Lifting weights won't necessarily turn you into a bodybuilder: Yes, golfers are allowed to lift weights without fear of morphing into bodybuilders. Weight loss through golf fitness: Contrary to common belief, golf fitness exercises can aid weight loss if that's a personal goal. Exercise is exercise: Your body doesn't differentiate between a "golf exercise" and a "normal" exercise. Training is training, and as long as exercises align with specific goals, the type of training becomes secondary.

'Get fit' Classes

With our state of the art gym equipment and wonderful service providers, the Royal Retreat Wellness & Fitness centre is the perfect venue to reach all your goals. With discounts for existing members it is the perfect opportunity.

So, if these points hold true, why do so many struggle with motivation for training, often abandoning their fitness endeavours, even when they acknowledge the benefits?

The reality is that we don't always need constant motivation to train. The hardest part is often just getting to the gym. One professional golfer I know heads to the gym early in the morning before excuses can set in. Another client always keeps a gym bag packed in their car.

Having a training partner or fitness trainer can also make the journey easier. A structured plan for each gym session eliminates the guesswork of what to do in the gym, giving you a chance to “not think” whether your chosen exercise is good or bad.

Whether your goal is better health, fitness, or enhanced sports performance, our Club has the expertise to guide you on your journey.

For more info on training, or to start your journey, you can reach out to our resident personal trainer and golf fitness expert Gavin Groves at Fitness@royaljhb.co.za or visit his website www.gavingrovestraining.co.za and book your slot directly.

Hello Honey

By, Clinton Duncan | Royals Bee Guy

LET'S GET BEESY WITH ROYAL BEES

Welcome back to our incredible members and a big thank you to all staff who give us this magnificent facility day in and day out, sunshine or in Gauteng's case, some of the biggest electrical storms faced during the 2023/2024 summer period. As expected, arguably the hardest time to work as a beekeeper because of the unpredictable summer fronts which have kept us from opening the hives but in return, given us beautiful blessings in constant rainfall during the summer period.

2024 is an exciting year for Royal bees and our members.

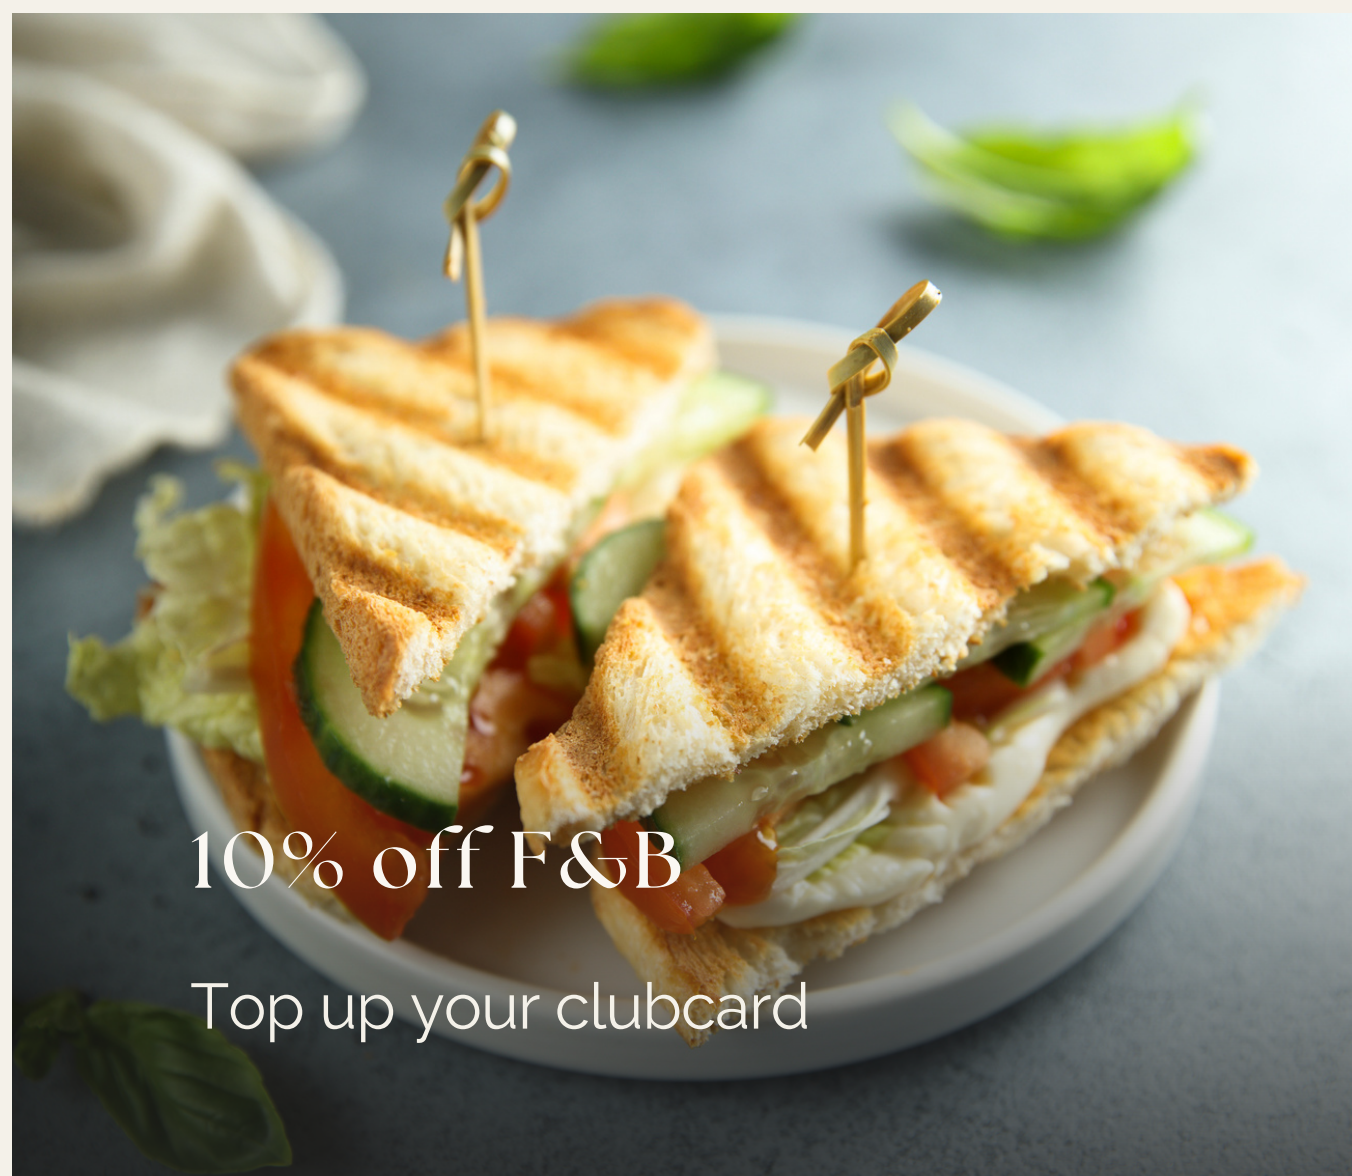

We are officially starting the year with eight colonies in hives with all eight colonies in their respected hives to be apart of 2024/2025 spring harvest compared to our first year which saw two colonies being able to produce honey due to conservation commitments and harvesting honey only from established colonies of a year and older.

One colony unfortunately absconded from their hive due to a mighty pest called the wax moth. This is a problematic pest especially in the Gauteng region due to lesser full days of sun. The moth sneaks into the hive undetected and begins to lay larvae in the cells of the comb and once the larvae begin to eat through the comb structure, the hives will fall victim to the devastating nature and expansion of the moths. To be more proactive in dealing with this pest, a hive would have to be opened more often than normal which puts high levels of stress on the bees thus the ideal is always to allow the bees to decide whether they should fight or flight.

The bees eventually absconded the hive and moved off to begin a life worthy of their evolution. A major concern from an Environmental stance is Huddle Park which is showing high levels of rubbish accumulating along the fence of hole 2 of the east championship course. Plastic is picked up daily which is being blown onto the championship course from that area of concern. A complaint will be submitted to the City of Johannesburg to investigate this matter for any potential Environmental risks and personal health risks for our members and guests visiting Royal Johannesburg pertaining to the Huddle Park dumping site. Areas of dumping can cause material waste such as plastics and cans to seep into the groundwater tables and have the potential to pollute Royal Johannesburg dams and water systems undetected. If you are interested in joining our beekeeper for a hive experience including assisting in working on a colony of bees in a magical evening on course - let the Royal marketing team know and let's make your Royal experience that much sweeter.
